1. [REDACTED] a barracks installation in Warszawa-Praga was occupied, prior to 25 September 1952, by the 1st Inf Regt of the 1st Div Tadeusz Kosciuszko, which had Code No 2415. The installation was bounded by ul. 11-go Listopada in the east; an unknown northwestbound street branching from 11-go Listopada opposite ul. Ratuszowa in the southwest; and a railroad line in the north. It included a military prison in the northwestern corner surrounded by a brick wall with four watchtowers, to which the unknown street led. Building sites with large apartment houses under construction in September 1952 were located southwest of the installation. The installation was enclosed by a mesh-wire fence, 2 meters high and was embedded in a low concrete wall, along 11-go Listopada, and by another mesh-wire fence along the rest of its area. It included a two-story headquarters building and a red three-story barracks building north of the entrance located on the above mentioned street; two billets at the rear of these buildings; the guardhouse, south of the entrance; a three-story barracks building; an old wooden shed; a building with officers' billets equipped with a separate entrance from the street; and a two-story building with the inscription "Sklep wojskowy centrali handlowej" (post exchange). The northern and northwestern sectors of the installation included storehouses, garages, workshops, a wooden loading ramp, and a kitchen. The center of the installation included three brick buildings surrounded by high trees with a red cross painted on the roof of one of the buildings.<sup>1</sup>

1. [REDACTED] Comment. The 1st Inf Regt of the 1st Div has been carried in Warszawa-Praga since after 1948, and is confirmed by the present report. A previous report of April 1951 stated that the above mentioned barracks installation was occupied by Polish infantry. Another report of September 1952 stated that other elements of the same division were located in barracks installations in Warszawa-Targowek.
